

September Guidance Lesson Theme:

Responsibility

Lesson focus...

With all of the new responsibilities this school year presents to students, I wanted to take the time to remind our learners that while this year may look and feel differently, my love and support for them remains my **top responsibility!** Together, we reviewed my roles and responsibilities as their school counselor (i.e. listen, talk, and help) as well as learned about their new responsibility regarding virtual counselor self-referral forms

Follow-up at home by...

Ask your child to show you how to submit a self-referral form to Mrs. Levine through the school's website. The link for both the student self-referral and parent/guardian referral forms can be found by [clicking here](#) and following the steps reviewed during the lesson.

Remember the reasons your child may need to see the school counselor...

- ♥ The School Counselor is someone who can **LISTEN** to students' thoughts, feelings, and words **because everything each student has to say is important.**
- ♥ The School Counselor is someone students can **TALK** to when they are having a conflict with a friend and/or family member and/or a problem at school or home
- ♥ The School Counselor is someone who can **HELP** students figure out how to solve problems and make positive choices on their own so that they are able to learn and grow into emotionally/socially, academically, and professionally successful individuals!

hi

Sincerely,

Mrs. Levine, School Counselor
