March 10, 2020

Dear MARS D Community,

The Department of Education issued guidance regarding the COVID-19 Virus. We have been holding district-level discussions and planning for some time, and now we have received specific guidance from the NJDOE.

We are required to submit a written preparedness plan to the Executive County Superintendent. This plan will include the specifics for ensuring equity and access for all students and the continuity of instruction. In addition, our plan will address the provision and protocol for school nutrition benefits and services for eligible students.

Please expect communication from the district regarding our ***District Preparedness Plan*** early next week, now that we have received guidance from the State of New Jersey.

As you can expect with a situation of this kind, there is a tremendous amount of logistics which must be addressed. While we anticipate additional guidance from the NJDOE as this issue continues to develop, the wellness of staff and students remains a top priority for our district.

Thank you for your partnership in helping to keep our school community safe and healthy.

Very truly yours,

A handwritten signature in black ink, appearing to be 'J. Majka'.

Joseph G. Majka, J.D.
Superintendent of Schools
