

## A vibrant illustration of school supplies. At the bottom center is a blue backpack with a yellow pocket that says "2021-2022". From the backpack, a variety of school supplies are scattered upwards. On the left, there's a red book, a pair of blue-handled scissors, and an orange highlighter. In the center, there's a blue protractor, a yellow ruler, a calculator, and several pencils in different colors (green, blue, yellow, red). To the right, there's a blue book, a pink highlighter, a magnifying glass, and more pencils. The background is dark blue with a yellow grid pattern. The overall style is colorful and cartoonish.
