Dear Parent/Guardian:

This letter is to inform you that Realtime, the District's Student Information System (SIS) has released a new parent app as an enhancement to the existing Realtime Parent Portal.

This new parent app is available to both iOS and Android users.

Once the app is installed, parents may select which notifications they would like to receive. Notifications you may select to receive include:

- Daily attendance
- Cafeteria low balance
- Assignment added
- Assignment graded
- Grade change
- District communications.

Please note, cafeteria low balance and daily attendance are considered "Push Notifications" and will continue to be generated and sent out by district staff. The Business Office will continue to send cafeteria low balance notifications on a weekly basis and schools will continue to send attendance notifications on a daily basis. Additionally, gradebook notifications will continue to go out automatically at 4pm each day.

The following links will provide you with additional information and steps for installing the new Parent Portal app. Please note, our District ID is **3040**.

We hope that you find this new application useful. Please email Mr. Kevin Dugal at Kdugal@marsd.org with any questions.

Sincerely,

John Bombardier
