

Matawan-Aberdeen Regional School District

PARENT UNIVERSITY WORKSHOP

“Coding in Elementary School”

This family workshop will introduce parents of students in grades K-5 to *Blockly* style computer programming and showcase various resources designed to enhance your child’s experience with computer programming / coding in the elementary grades. Topics that will be covered include: *Scratch.mit.edu, Code.org, Tynker.com, and more!*

Please Bring Your Child’s Google Account Information to the Training. This includes their Marsd.org name, and password.
Computers will be provided.

We hope you can join us!
