Join us in the library to celebrate New Jersey Makers Day, a celebration of maker culture for all ages. Whether it's crafting or technology, STEM or building, libraries support the creativity of our youth and adult patrons.

Stop by the library for programs that range from planting to STEM challenges, crafts to electronics. We are sure you will find something that will inspire you to become a maker!

Program descriptions and times will be available on our online calendar in March. Scan the QR code on the front of this calendar, or visit our website below for more information.
