# Join Us For Parent Workshop Internet/Social Media Safety & Cyberbullying

## NJ4S COMPASS - Monmouth Presents:

This presentation will provide an interactive discussion with parents that is centered on social media and gaming platforms. We will focus on parental control settings, keeping open lines of communication with youth about online activities, and the impact of online use on youth's mental health. We will also share tips for recognizing and addressing cyberbullying.

At the end of the presentation, parents will be given additional resources.
